HER "HUNCH" WORKS OUT.

Woman Makes Fortune in Gas Belt and She Believed In.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

RIDGEWAY (Pa.) May 26.—Less than eight weeks ago Mrs. John Kane of Northumberland, wife of a real estate salesman, took an option on 300 acres of land in what is now the famous gas belt near this city. Mrs. Kane, like many others, "believed" there was gas and oil in the belt, and she risked \$50 on an option, which covered 300 acres. Two weeks ago a well was sunk on lands adjoining her lease, and a gas gusher producing in the neighborhood of 2,000,000 feet every four hours was struck. Mrs. Kane received an offer yesterday that will net her over \$200,000 for the option she holds. She said today that she would sell.

CHICAGO BUREAU OF THE TIMES, May 26.—With the temperature boiling above the 92-mark today in Chicago and vicinity, it afforded scant relief to read of a severe cold wave and snow over Southern France. Outside of Chicago the heat was more intense. Evansville, Ind., reported 101, and the 100-mark was reached at several places. In the Great Lakes region considerable relief was afforded by occasional clouds which broke the force of the sun's rays. The humidity was also low—about 50—which averted much suffering.

No deaths were reported today, although there were numerous prostrations and a score of persons were bitten by rabid dogs.

Official forecasts say the heat wave, which spreads over all the country east of the Rockies, will continue three days at least, probably making new records for intensity to-morrow and Thursday. Then it is expected thunderstorms will bring cooler weather.

The bright side of the picture lies in the vast benefit to crops. There is abundant moisture in the ground and the heat wave is causing crops to grow very rapidly.

Disastrous wind storms, approximating cyclones in their destructive power, subsided in the upper lakes region today. Much wreckage was left at Superior, Wis., Duluth and other upper lake points and the nearby country suffered heavily. So far known, only one life was lost.

CHICAGO BUREAU OF THE TIMES, May 26.—Commercial vice in Chicago has been almost stamped out in the past year of unemployment, according to the Citizens' Committee of Fifteen.

DEMOLISHED BY A GALE.

Famed Promenade in Nice Destroyed.

Earthquakes and Tidal Wave in Europe, Cyclonic Heat in United States.

Many Yachts and Small Craft Sunk Along the Riviera in France.

New Records of Torridity in Missouri; Rains Menace Texas Crops.

CHICAGO BUREAU OF THE TIMES, May 26.—The famous Promenade des Anglais, which stretches along the coast, was almost wrecked by a gale and tidal wave today. The under-structure was demolished, the damage amounting to about \$50,000. A large number of yachts and small craft along the Riviera were sunk.

CHICAGO BUREAU OF THE TIMES, May 26.—The outcome of the mediation proceedings at Niagara was of absorbing interest to-day among agents here of the Huerta government and the Constitutionalists.

Conferees between Gen. Carranza at Durango and Rafael Zubunian Capmany, his representative at Washington, which have been held daily, continued over leased telegraph wires.

While no inkling as to the exact point at discussion leaked out, it was not denied it had referred entirely to the international position of the Mexican revolution. The belief was expressed, however, by those in close touch with the situation that neither Gen. Carranza nor his followers would alter their stand against dealing in any way with the Huerta emissaries.

FLIER'S TRIP INSURED.

Lord Northcliffe Places With Lloyds Policy on Trans-Atlantic Airship.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

NEW YORK BUREAU OF THE TIMES, May 26.—Lord Northcliffe, who offers a prize of \$50,000 for the aviator who makes a successful flight across the Atlantic Ocean, notified the Aero Club today that he has taken out marine insurance covering all the risk to the Wamamaker trans-Atlantic flier. The policy was for \$5000 and was placed at 10 per cent. in Lloyds of London. The Wamamaker flier is scheduled to make the trip this summer with Lieut. John C. Fort as pilot.

Heiress to Millions "Keeps House."

Richest girl in the world of her age, just 18, who has returned to run her household in Michigan city.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CHICAGO BUREAU OF THE TIMES, May 26.—There was a great deal of excitement at Michigan City today, for Catherine Barker, \$20,000,000 heiress, clasped the bunch of household keys to her trim belt, arranged an apron, and proceeded to "keep house."

Miss Barker is the daughter and sole heir of the late John H. Barker, multi-millionaire car wheel manufacturer of Michigan City. The industry which her father founded turns over to a trust fund established in her behalf a profit of \$2,000,000 a year. She is the richest girl in the world of her age.

Anyone who imagines that the heiress to \$20,000,000 does not take an active interest in her two largest assets is mistaken. Miss Barker has a capable finger in every pie concocted in or out of the kitchen. To the uninitiated it would seem an exceedingly simple matter to "run a house" on \$50,000 a year, with \$10,000 personal funds.

Miss Barker goes to market and oversees the business of her somewhat elaborate life in the morning. She is an early riser, for her days are full and every moment must be utilized. Society does not claim much of her attention. She spins around in her handsome auto or jogs in her tiny runabout, and Michigan City residents are smilingly reminded of the time when, as a very little girl, she stole a bicycle and ran away.

This young girl, at whose feet literally thousands of proposals of marriage have been laid, some of them accounted exceedingly desirable, asserts that she is at present not engaged. It is said that she has promised her guardian, James E. Forgan, that she will not become engaged until she is at least 21 years old.

ALL GOES WELL AT NIAGARA.

Cabinet Informed Mediators Are Solving Problem.

Result of Conference to Be Given in Protocol.

Meanwhile Carranza Keeps Out of the Game.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 26.—Members of the cabinet were optimistic today after an exhaustive review of all communications that have passed between President Wilson and the American commissioners to the Mexican mediation conference at Niagara Falls. An official source asserted negotiations had so far progressed that a preliminary basis for peaceful solution of the international difficulties had been reached. This soon would take the form of a protocol which probably would be signed by agents of Gen. Huerta's government and the United States.

The President laid before the cabinet all developments and stipulations proposed to the South American envoys by the representatives of Gen. Huerta. Among the messages received from the seat of the peace conference was one confirming of press dispatches that one of Huerta's envoys had declared the agrarian question would not be permitted to disrupt the international effort to bring peace between the United States and Mexico and to insure the ultimate restoration of peace to all Mexico.

CABINET REJOICES.

The President's advisers were in a happy mood when the meeting adjourned. While some would talk of details that had been disclosed concerning the progress of the mediation, all conveyed the impression that nothing had occurred to cloud the horizon of peace.

Secretary Bryan was in an unusually optimistic frame of mind. Secretary Daniels, too, was the personification of hopefulness.

CARRANZA SETS TIGHT.

Fallure thus far of the Mexican Constitutionalists to indicate a willingness to participate formally in the conference was again a subject of discussion in official circles, but the fact that no assurances had come that they would be a party to the present negotiations was again declared to be no cause for disparagement as to the outcome.

Some of the Carranza agents in Washington regarded as probable that some representatives of the revolutionary movement eventually would be sent to Niagara Falls.

The purpose of the Constitutionalists, it was made plain, was to keep out of preliminary negotiations which would in any way check the onward march of their forces toward the capital of Mexico City.

QUIT AT VERA CRUZ.

There were no developments in the military situation today so far as the United States is concerned, and no further reports were heard from the movements of Federal or Constitutional troops in the vicinity of Vera Cruz.

Minister at Mexico City Denies His Countrymen Wish to Leave; American Exodus About Over.

(BY A. P. NIGHT WIRE.)

MEXICO CITY, May 26.—The Japanese Minister denied today the

report published in Mexico City papers this morning that Japan was sending two more cruisers to Mexico, with the object of taking off the Japanese from the West Coast. The Minister said the Idsumo, now at Manzanillo by the merchant steamer Suyo Maru, which will provision and coal her. The Minister further stated that the Japanese had no desire to leave Mexico, because they were friends of the Mexican people and were not fearful of hostile acts. The departure of Americans for Vera Cruz has virtually ceased. There only a slight demand for passports at the Brazilian legation. The total registration at the legation of Americans numbers over 1000, and all declare their intention of remaining in Mexico.

Wandering Inadvertently Into the Federal Lines and Made Prisoner, Guard Is Induced to Look the Other Way While American Makes Dash for His Horse.

BY GEORGE ADDISON HUGHES.

(BY MEXICAN CABLE AND DIRECT WIRE.)

VERA CRUZ, May 26.—The average American's life is worth just 75 cents to the average Mexican. I discovered this today after I had felt the blood freeze in my veins when Thomas Reilly of the Newark News and myself inadvertently penetrated the Federal lines and were made prisoners. We were in search of, and found, Vice-Consul John R. Silliman, who was held a prisoner at Saltillo from April 31 to May 14, and who has since been traveling toward Vera Cruz. After having interviewed Silliman, who sat in the jungle west in his shirt sleeves in the third hour of his wait for the American redoubt train, we started to photograph him. Federal soldiers sprang up all around us, as though out of the ground, and then for the first time, we saw not 100 feet from us, the barrels met us, and at least 500 men. A brutal-looking dwarf with a lieutenant's insignia ordered us to photograph Silliman and informed in that by our fits he could see we were American soldiers and that we were prisoners. Visions of torture and the death of Private Parks flew through my brain. Silliman looked helpless sympathy. Reilly turned pale as he caught his tan. "Bull them out of it," I said to Reilly, "and make a run for the horses."

"We're in for it, anyway, though," I said, "let's try money." "If you have not met us, the barrels met us, I get there," Silliman said, "I shall notify Funtun and Consul Canada. God be with you."

Reilly and I walked to the horses, mounted, and trotted easily towards guards placed to intercept us. Bayonets and leveled rifles were met us. "Borry, but you cannot leave here," one guard said.

"Dig into the pocket of my riding breeches, smiling. I know it was a sickly smile, and brought out a handful of coins, and brought some rebel gold. "Adios," I said, reaching over and taking the guard's hand as I pushed the rifle barrel away with the other. His palm felt like cold. His expression softened.

"But you cannot leave here, perhaps tomorrow from my car," he said. "Good-by," I replied, pretending not to understand. Reilly had in the

meantime slipped a Mexican bill into the other guard's hand. "Spurs," take a chance. Reilly whispered. "Spurs!" It was with full expectations of a shot in the back, but the Mexicans were passing a moment deciding whether to shoot or hide the money before their superior saw it. That moment was enough, for over the coconut trees appeared the smile of the American passport agent. We still had several miles to ride to the American line, but no horse ever did the distance in less time than we did it in. Then we reported ourselves to headquarters and were forgiven by Gen. Funtun. We had not deliberately disobeyed instructions.

SILLIMAN TELLS OF IMPRISONMENT.

VICE-CONSUL TO RELATE THE DETAILS ON HIS ARRIVAL AT WASHINGTON.

(BY A. P. NIGHT WIRE.)

VERA CRUZ, May 26.—John R. Silliman, American Vice-Consul at Saltillo, arrived here today from Mexico City.

Silliman issued a statement explaining his unwillingness to reside in the details of his adventures until the State Department had received his report. He paid tribute to H. L. Funtun, who escorted him from Saltillo as the representative of the British Vice-Consul there. He thanked the American consul for his efforts which eventually brought about Mr. Silliman's release.

Describing briefly his trip from Saltillo to Mexico City, the Vice-Consul said:

"The journey from Saltillo to San Luis Potosi, which ordinarily requires twelve hours, took seven days on account of frequent interruptions by the Constitutionalists. The railroad and telegraph lines were badly damaged and there were three engagements in which a number on both sides were killed or wounded.

"The intention of the Constitutionalists appeared to be to isolate Saltillo by cutting the only line of communication and forcing the evacuation of the city. When I left Saltillo on May 14, it was reported that Gen. Joaquin Maas had 10,000 or 12,000 men in or near the city. The Constitutionalists did not seem prepared for an attack.

"I was kept in confinement by Gen. Joaquin Maas in the city of Saltillo for twenty-one days."

Consul Silliman refused to discuss the taking of the State Department Carriero book from his office by Gen. Maas, but it is learned from other sources that the books were not returned when the Consul was released.

DEFEAT FEDERAL AT PALMA.

Gen. Alvarado's Forces Are Successful in Final Battle; Way to Guaymas Reported Open.

(BY A. P. NIGHT WIRE.)

NOGALES (ARIZ.), May 26.—Gen. Alvarado wires his advance guard was attacked May 22 near La Pasion by a force of Federalists who were defeated. Next day a larger force of Federalists drove the Constitutionalists back to Carrizito, where the rebels were again attacked by about 1000 infantry and 160 cavalry besides several machine guns. The superior force drove the rebels back to Palma, where the main body of the Constitutionalists reinforced the advance guard and finally defeated the Federalists on the 25th.

The Federalists lost seventy killed and more than twice as many wounded. Included among the killed in Gen. Alvarado's list were several officers, Gen. Santhanas was mortally wounded, and one captured. Gen. Alvarado states that the result of the battle opens the way to Guaymas.

DEVELOP PLAN OF PACIFICATION.

Move Well Under Way for Entire New Deal.

Includes an Agreement to Hold Fair Election.

Justice Lamar Announces Result of Conference.

(BY A. P. NIGHT WIRE.)

NIAGARA FALLS (ONT.) May 26.—The actual terms and details of a plan for the pacification of Mexico are now under discussion by the mediation conference, according to an announcement by Justice Lamar tonight. A early agreement is now expected.

The plan of pacification, so far as developed, is known to be simple. Its object is the establishment of a new provisional government. As a programme for it, there will be a declaration of principles on agrarian and other reforms, and on the conduct of a fair election.

After much discussion a satisfactory method of considering the land question practically has been reached. While the Mexicans have not yielded the original convictions that the land problem is purely internal, and that definite and binding recommendations concerning it should not be included in any agreement made here, the American view that some expression is desirable to point the way for its eventual settlement by Mexico herself has been sustained.

The Mexicans have no objection to this, for, while they do not admit that the land problem has been the chief cause of their revolutions, as President Wilson insists, they say all political parties in Mexico have pledged themselves to land reform and a proclamation cannot embarrass any future Congress.

It would create no surprise here if the results of the mediation should be recognition by the government of the legality of some of the important financial transactions of the past, which were the subject of formal condemnatory notice to the powers of Europe.

Men who are his friends, however, said to me today that he realizes that the political game has been played, is almost over and he is seeking safety outside of the Mexican capital.

Abdication Rumored.

(Continued from First Page.)

after reaching this port. They journeyed from Mexico City to Vera Cruz on board a special train, and after arriving here were reticent, even to their intimate friends, as to why they had come to this city. When I went to the offices of the Hamburg-American line here today and asked for Mr. Haynen, I was told that he was out of the city, but was expected to return to Vera Cruz soon. I was told that Mr. Haynen had not gone back to Mexico City.

It is impossible to get confirmation of the report that Gen. Huerta had fled from Mexico City, but men who are in very close touch with Mexico City developments believe that it is true, and that the cruiser Dresden has gone to Puerto Mexico to act as a conveyer for the Ypiranga, on board of which Gen. Huerta proposes to go to Europe, or else that the Dresden will take the abdicating dictator on board and steam with him to some foreign port.

Ypiranga is under charter to the German government and is being used as a refugee vessel. The steamship is scheduled to go to Puerto Mexico for German refugees who arrived there from Mexico City and was to have returned here Saturday for other passengers. From Vera Cruz the Ypiranga is scheduled to steam to Havana, Cuba.

Moheno is also leaving Mexico. That was the news brought here today when it was reported that Gen. Huerta was seeking safety in flight from the national capital.

Mr. Moheno was expected here today, but when Tuesday passed without developing the news, it was something had occurred to detain him in the capital, and that perhaps he had been arrested. Inquiry at the office of the Spanish Transatlantic line elicited the statement that reservations had been made on board the steamship Manuel Calvo for Mr. Moheno's family, but that it was not known if the one-time Minister of Foreign Relations was among the passengers for whom the reservations had been made.

Moheno formerly was leader of the so-called Quadrilateral in the Chamber of Deputies. His close friend was Jose Maria Lozano, who has just resigned the portfolio of Communications and Public Works.

Mr. Moheno and Mr. Lozano were called the inseparables and when one of them leaves Mexico it is confidently believed that the other will follow; that the famous Quadrilateral is the making of the pair.

It is not known here what reasons are given out for Mr. Moheno's leaving Mexico City.

THE CITY AND ENVIRONS.

EVENTS BRIEFLY TOLD.

On Street.
M. H. Thomas, an old man, who resided at No. 1619 Essex street, dropped dead yesterday afternoon on East Vermont avenue. His death was attributed to natural causes.

Million Club Today.
The Million Club will meet today at 2 p.m., in No. 1440 Wilcox building. The juvenile association will be discussed and plans outlined. The meeting will be open to those interested in child welfare.

Matrons & Minors Holiday.
The forty employees of Mullen & Mullen will be given an all-day holiday on Saturday and an excursion to San Clemente Island has been arranged for their pleasure. The party will leave early Saturday and return Sunday night.

Police Notified.
The police were notified yesterday of the disappearance of Daniel Doubt and Arthur Tweedy, 16 and 12 years of age. The parents of the youths believe they run away and the police of near-by cities have been notified. Doubt lived with his parents at No. 1644 Echo street, and young Tweedy at No. 1258 Taylor street.

Esperanto Pledge School.
A Pan-Pacific Esperanto Congress will be held in San Francisco next year, and Australia has already elected delegates. An effort is being made to organize the movement here, under the instruction of L. H. Gorman, and a meeting at which he will lecture on the subject will be held at the Polytechnic High School this evening at 7:30 o'clock.

Proposed New School.
County Superintendent of Schools Koppel announced yesterday that he has been preparing in his office preparatory to calling a special election next month on bonds for building a \$50,000 school in the district just outside the city limits served by West Washington, West Pico and West Adams streets. It is planned to make this new school one of the best under county supervision.

Ship Leaves for Ireland.
His Honor, the Catholic bishop of Monterey and Los Angeles left yesterday morning for his trip to Rome, accompanied by Rev. Thomas Fisher, a large number of friends gathered at the Santa Fe station to see them off. The old home of the bishop in Monterey will be visited and they will sail from New York on June 17. They will not return until during October. The bishop desires to make a tour of Ireland and other parts of Europe before coming back.

Benevolent Church Supper.
Several hundred dollars for the building fund of the Benevolent Church, which supper given last evening in the newly-dedicated Memorial Congregational Church, at Sixth avenue and Fifty-fourth street. Rev. Earl Wakeman, pastor of the new church, was a moving spirit in the affair, which partook of the character of a social house-warming. The church is of the bungalow type and cost, at its site, about \$600. It will later give place to a more pretentious structure, to cost \$10,000.

Seek Help for Orphan.
New-found friends of Ben Knox, the 17-year-old boy who was rescued Sunday for begging, are appealing to the public in the hope that some light might be thrown on his case. Knox is said to be a native of Ireland and is unable to work since and says that he had to beg or starve. Anyone who can give him "one-armed" A. J. East, No. 1122 Park Grove avenue, telephone 3557.

For the East.
George E. Nagel, general manager of the P. B. Silverwood stores, left yesterday morning with his advertising manager, Shirley Hunter, and Arthur Rehard, buyer of furnishings for an extended tour of commercial investigation. The party will stop at Seattle, Tacoma, St. Paul, Minneapolis, Chicago, Kansas City, St. Louis, Toronto, Can., for the advertising men's convention, Quebec, then New York, Philadelphia, Baltimore, Washington, D. C., New Orleans, Oklahoma City and El Paso. There will be three objects to the tour: An investigation of business situations, analyses of shopping averages, and a comparison of merchandising and advertising practices.

YOUNG LAWYER ARRESTED.
Rush Meadows, a young lawyer, was arrested yesterday, charged with a statutory offense against a girl, and arraigned before Justice Reeve. His trial was set for June 1. Meadows was arrested on a similar charge two years ago and was placed on probation. His probationary term would have expired next week. He was held in \$1000 bail, which he had not furnished up to a late hour.

MEMORIAL DAY ORDERS ISSUED.

VOLUNTEERS TO HOLD SERVICES IN CENTRAL PARK.

Relics of Two Ill-Fated United States Warships Will Be Used in Monument Unveiling by Spanish War Veterans at Rosedale Cemetery—Sons of Veterans' Plans.

Memorial honors will be paid the nation's soldier dead Memorial Day not only in the cemeteries, but also in Central Park, where the Seventh California Volunteer Association will hold services at the monument, beginning at 10 o'clock.

Invitations have been sent broadcast to patriotic organizations and ex-soldiers, to consult of foreign countries stationed in Los Angeles, to the public in general and especially to the Army of the Philippines and the Order of the Carabao.

The monument will be draped with the regimental colors of the late Seventh California Regiment. President Whiffen and members of the City Council will be present and participate in the ceremony.

With Frank D. Shearer presiding, the Rev. George Davidson will pronounce the invocation, and President Whiffen will deliver a panegyric. "The Star-Spangled Banner" will be sung by the chorists of the Polytechnic High School. At the close of the exercises a detachment from the Seventh Regiment, N.G.C., will fire three volleys and the trumpet sound "taps" in honor of the dead.

At Rosedale Cemetery, Saturday, relics of two ill-fated United States warships will be used in the ceremony. The monument will be draped with the regimental colors of the late Seventh California Regiment.

The services, commencing at 9:45 a.m., will consist of an assembly call by Past Commander Edward L. Worth; introduction by John T. Curtin, chairman of the Joint Memorial Day Committee; invocation by the Rev. John M. Barnhart, oration by Judge White and a response by Judge Shearer. Volleys will be fired by a squad from the Seventh Regiment, N.G.C., and the services concluded with "taps."

A general order has been issued by Commander Cleveland of Gen. W. & Rosecrans Camp, No. 2, Sons of Veterans, that every member, except a detail sent to Evergreen Cemetery, is expected to attend and assist Saturday the services of Stanton Post, G.A.R., at Rosedale Cemetery. Members of the Rosecrans Camp will fall in at 9 a.m., at the Washington entrance to escort the post, afterwards proceeding to Rosecrans plot, where the services will be held. Senior Vice-Commander Wilson will command at Evergreen and Commander Cleveland at Rosedale.

To Regain a Healthy, Girlish Complexion

If you would have a clear, fresh girlish complexion, one ounce of ordinary mercuric wash will aid you in this direction more than shaves full of cosmetics. It produces a natural beauty. This wash, procurable at any drugstore, completely absorbs a bad complexion, revealing the healthy young skin underneath. Its work is done so gradually day by day, that no inconvenience is caused. The wash is applied to the face and neck, and rubbed in at night, like cold cream, and removed in the morning with soap and water.

Another valuable rejuvenating treatment—this for wrinkles—is to bathe your face in a solution of powdered sweet oil, dissolved in 1/2-pt. witch hazel. This has a remarkable action in smoothing out the lines and "firming up" the loose skin.

Mr. Gordan Says—

Planning your summer vacation? Or, will you compromise with an occasional weekend?

No matter. Whatever you do and where ever you go you want the right clothes.

For the "dog days" on shore there's nothing to equal a light porous material that has body enough to hold its shape.

For days at sea the English long ago have elected Tweeds to first place. They're splendid for lounging, look "outenish" and wear like iron.

Between these two extremes there's a wide range to choose from—something for every taste. Each at its own price the best that American and Foreign looms weave.

Prices are \$40 to \$60 and in between. And, the Style, Service and Satisfaction of "Gordan-made" is vouched for by the better dressed men who've been coming here since back in '86.

Man Said to Have Got Coin.
Woman Who Wanted a Coin.
"Lodger" in Jail.

After vainly trying to sell a mortgaged automobile to obtain funds to return to her father's home in San Francisco, Mrs. Lillian Williams, the 19-year-old wife of David L. Williams, proprietor of an automobile stand at First and Spring streets, was taken to the Police Station for lodging last night when she acknowledged that she was penniless and refused to return to her husband.

Mrs. Williams asserted that her husband had given her the machine, and she believed that she was within her rights in trying to exchange it for transportation.

While she lived in the rear of her husband's garage at No. 1924 Diamond street, her domestic happiness was wrecked, she said, and yesterday she started to find a purchaser for the automobile.

Before the transaction was closed, W. E. Bush, an automobile dealer, appeared and claimed the machine. The police were notified.

Shortly after Mrs. Williams was taken to the Police Station, W. D. Powell, an automobile dealer, told the police that he had paid \$100 for the machine to a man named Warren. Mrs. Williams declared she had authorized Warren to sell the car, but he had not kept an appointment to meet her at Seventh and Broadway, and she had obtained none of the \$100 said to have been paid.

A statement that she had intended to elope, Warren has not been found. As the young wife had committed no crime, she was held at a measure of protection, and will be released this morning.

The police are holding the automobile pending the court's decision as to possession.

TIGERS LOSE FIRST PLACE.

Ragged Fielding Gives Game to Oakland.

Three Errors Crowded Into Third Inning.

Pruett Is Invincible After First Round.

BY HARRY A. WILLIAMS.
The Tigers, free and easylike, yesterday kicked themselves out of first place, choosing for the purpose the first appearance of Oakland on the southern baseball horizon since 'way back in the wretched month of April. Hogan's men booted the ball with considerable abandon, Oakland finishing 4 to 2 in front without working up a ladder or creating much excitement.

The arrangement of the schedule made it possible for San Francisco to get a crack at Sacramento while this was happening, and the Seals seized this opportunity to shove Venice out of first place; a position of prominence which they had occupied continuously since May 5.

RAY OUT EARLY.
In the opening game here, on April 12, the Oaks scored twelve runs. This appeared to utterly exhaust them, and they hadn't done much since. Therefore not a great deal was expected of them.

When a combination of hits, half real and half fake, off "Shotput" Pruiett gave the Tigers a batch of three runs in the first inning, it was taken as a matter of course. Then, when three luscious errors gave the visitors two runs in the third, it was remarked that the Tigers didn't want to be too severe on a weak and trembling brother.

But when the Oaks thumped "Doc" White for two perfectly good tallies in the fourth, taking an unmistakable lead, never to be headed, our self-complacency was seriously disturbed, and it hasn't recovered yet.

CLARENCE SHINES.
An error figured prominently in two runs off Clarence Smith in the eighth. Clarence had everything that a good pitcher needs, and proved it by fanning five in four innings. He also was strong on accuracy, not walking a man. Kane hit for him in the eighth, and Jack Powell worked the last inning.

Jack got by without damage, but Litchi didn't. Lou getting a hot drive from Middleton on his right ankle. This left him in great pain. But as Middleton didn't score, we won't hold this against Lou.

All attempts to take any liberties with Pruiett after the first inning were frowned down by his support. The "Shotput" issued just one pass. This was given to Carlisle, the first man to face him, and paved the way to much trouble. Leard followed by driving with some ferocity at "Red" Held. Guest, who was backed up by Held, made a grab for the ball, and then passed to suck his right thumb. Carlisle went around third.

BASES LOADED.
Melan bunted down the third-base line. With the ball threatening to roll foul, Pruiett grabbed it, but too late to get Pauline at first. This filled the bases. Bayless forced Melan at second, Carlisle scoring. Bayless stole second. Litchi rammed safely to left, Leard counting and Bayless going to third.

A double steal was attempted, but was frustrated by Pruiett's pitchout. After quite a chase on the line, Bayless was driven back to third and found Litchi there. Lou refused to surrender to him, and was touched out by Pruiett. McDonnell, however, was home and was waylaid stealing.

Leard juggled Middleton's grounder with one out in the third. Quinlan fanned. Zecher lined through the box. White gladly giving the ball the right of way. This put Middleton on third. His score when Elliott pegged low to try and stop Zecher stealing. Hotting single to center, the ball sizzling through Bayless. When Cap Dick finally managed to sit down on the ball, Zecher was in and Middleton at third. Ness fled to Carlisle.

MITZIE TRIPLES.
Guest started in the fourth and Mize put him around with a triple to the bleachers. Honus scored on Pruiett's high bouncer to White.

Smith and Bliss took hold in the fifth, and the Oaks remained calm until the eighth. In that inning Ness about took an ankle off McArdle and stole second. He scored when McArdle threw Cook's grounder into the water bucket. Guest doubled, scoring Pety.

Melan created some excitement with a triple in the sixth. He seemed certain to score until Cook speared Bayless's high bouncer and snuffed the ball to Mize for a sensational play at the plate. Paul yelled that Mize hadn't touched him, but to the unbiased it appeared that Honus touched him all the way from his ear to his heel.

Things began to perk up in the ninth, singles by Litchi, McDonnell and McArdle loading up the bases with two down. With a good, healthy flick calculated to do much for civic righteousness, Bliss forced McArdle at second.

If you fellows wait 'till this afternoon!

May Sutton Bundy Quits Tennis.

RESTS ON LAURELS ALREADY CAPTURED.

HELD MANY TITLES AND WAS DEFEATED BUT ONCE, BY HAZED HOTCHKISS.

May Sutton Bundy, California's tennis queen, has at last definitely admitted her retirement from tournament play. Ever since her marriage to Tom

Bundy, some time ago, she has remained "on the bench," watching her sisters, Florence Sutton and Mrs. Bruce, capture the honors that once were hers and hers alone.

However, when approached on the subject of retirement and her probable successors, the only American woman to invade England and capture the foreign championship, insisted that she wasn't through as a player and that she intended to go ahead and compete in the future.

Head that the advent of young Nathaniel Bundy, a few months ago, appears to have changed her plans. Instead of chasing tennis laurels and silver cups all over the country, California's most famous woman player is engaged in making a new world's champion out of little Nat Bundy.

May Sutton Bundy was, without a doubt, the greatest woman tennis player who ever lived. Her all-round playing ability, combined with her tremendous strength and endurance, made her absolutely unbeatable. Hazel Hotchkiss being the only woman player to whom she was ever forced to lower her colors, and after her defeat by the northern girl, May came back and walloped her erstwhile conqueror several times.

The feature of her play was the wonderful accuracy of her long drives from the back line, and it was by means of this unflinching stroke that she ran Hazel Hotchkiss to death at Mt. Washington.

May Sutton Bundy won about everything once and could have held her various titles indefinitely had she so desired, but she had a habit of winning a title and then letting it go by default.

The titles that she won to make her famous are many. Among the best known are the following: She was twice champion of Great Britain, in 1905 and 1907.

The only occasion on which she

RITCHIE BATTERED AND BLEEDING AFTER FIGHT.

Charley White Gives the Champion a Very Artistic Beating in Seven of the Ten Rounds—Won by Beating the Title-Holder to the Punch All the Time. A Hot Battle With a Rotten Crowd.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
MILWAUKEE, May 26.—With his face battered out of shape, blood streaming from a cut on the bridge of his nose, and weak and weary from punishment, Willie Ritchie, lightweight champion of the world, left the ring of the Queensberry Athletic Club tonight a defeated man.

The bruises which Ritchie carried were evidences of the ability of Charley White to belong in the Hall of Fame of the champions. The young Chicago boy who has made such rapid strides defeated the champion so decisively that even the most prejudiced person in the world could not fail to see that he was master.

To all intents and purposes, Charley White is the world's champion tonight, but he cannot claim that honor. The State law does not allow decisions. Ritchie may thank it for posterity.

RITCHIE IN STATEMENT ADMITS WHITE BEAT HIM.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
MILWAUKEE (Wis.) May 26.—I knew I could beat him and I certainly did it to perfection. I realized I had him beat after the first round, when I nearly had him out. He took a lot of punishment and I am only sorry I didn't put him away. If I had, I would be the lightweight champion tonight. I want to meet him over the long route for the title and if he makes reasonable weight, I am sure I can beat him. I guess I called the turn and I only hope my friends took the tip to bet on me. I will take a short rest before engaging in another fight—Charley White.

White surprised me, but I am sure he did not beat me by a wide margin. He is a great fighter and with a little more experience he will be my logical successor. I did most of the leading and should be given credit for this important feature of fighting. Regardless of tonight's fight, I intend to keep my engagement with Freddie Welsh in London on June 30. This is all I care to say.—Willie Ritchie.

PETROSKEY IS PUT TO SLEEP.

Sailor Takes Count in the Twelfth Round.

George Chip Doesn't Develop Much Class.

Kid Carter Knocked Out in Hot Battle.

BY DE WITT VAN COURT.
George Chip, the New Castle middleweight champion, knocked out Sailor Ed Petroskey in the early part of the twelfth round after a one-sided contest.

Chip put the Sailor down just as the bell rang at the end of the fourth round from a hard left swing to his chin, and if it had not been for the bell ringing when it did, George would have probably ended the contest then and there.

In the ninth round, Chip struck Ed a low blow and he went down and took the count of nine seconds. He and his seconds protested loudly, claiming a foul had been struck, but Eylon, the referee, kept right on counting and paid no attention to them. The blow was low all right, but if it had done the damage Petroskey claimed, he would have been unable to rise, and it was quite evident from the Sailor's looks that he would like to have won on a foul.

POOR CONDITION.
Petroskey looked before he started like a boxer who had taken off too much weight and had a hard time doing so. He did not show any of the ginger that he had during his training and at times was flat-footed and seemed unable to move around without exhaustion.

He took a lot of punishment in each round and at no time during the contest did he have Chip in danger.

The crowd booed Chip for hitting low, but it was surely an unintentional blow and he was the first man to assist Petroskey to his corner after knocking him out.

CHIP HIT HARD.
He boxed steadily and coolly at all times, never taking any chances to speak of with Petroskey. He also showed tremendous hitting powers in each hand and could hold his own in the rough work and clinches.

There was little footwork shown by either and Chip appeared at times almost as slow as the Sailor. A mistake between them at catch weights would be more interesting, but the Sailor no doubt would have a decided advantage in a match of that kind.

Petroskey did not appear nearly as well last night as he did with Jimmie Clabby, and Chip is entitled to a chance with the best middleweights in the country.

THEY ENTER.
Chip was first to enter the ring and was seconded by his manager, Jimmie Dine, Al Day, Tom McShane and Joe Lewis. He wore black trunks and took the southwest corner of the ring.

Petroskey was seconded by his trainer, Frank Carter, Danny Cullen and Harry Lee.

The first round was slow in action and about even.

The second was similar to the first and the Sailor showed plainly he was not at his best.

In the third, Chip took a decided lead and landed often on the Sailor's head and body.

SAILOR GOES DOWN.
In the beginning of the fourth, Chip landed three hard swings on Ed's jaw and several more in the stomach, and finished the round by putting Ed down as the bell rang.

The fifth was all Chip's and he landed at will, but was taking his time in doing so.

The sixth was the Sailor's best and he seemed to wake up some and succeeded in landing a couple of blows that encouraged his backers, but it was for a round only.

Near the end of the seventh Ed rushed George to his corner, but did no damage.

FOUL CLAIMED.
The ninth was all Chip's and it was in this round that Petroskey and his handlers claimed a foul.

There was some slugging in the ninth, but the round ended as usual in George's favor, but the crowd cheered the Sailor as he walked to his corner after the bell rang.

Ed took a lot more in this round, but Chip did not seem to be satisfied and sent in a stinger on the Sailor's nose near the end of the round.

THE END.
The eleventh was all jabbing and swinging on Chip's part and he had things all his own way.

When the twelfth opened, George put a left to Ed's face, then a right and right to his face again and repeated the blows. This gave him the opening he was working for and he let go with his right and landed squarely on the Sailor's jaw and he went down for good.

THE PRELIMINARIES.
The first preliminary, between Texas Kid and Sammy Harris, went the four rounds to a draw. Tex took the advice of one of his ringside friends and attempted to box like Ad Wolgast, but before he went the round out was fighting like Abdul the Turk.

The Texas wonder introduced a new punch that he swung for Sammy's head, it missed and he sent it back and it landed squarely on Sammy's full moon. He had the crowd with him, all right, who offered all sorts of advice, and judging from the way Tex was trying he was taking everybody's advice at the same time.

The crowd decided he should have been given the decision for his wonderful cleverness.

The second preliminary between Joe Chip and Kid Carter was the best of the evening. It was scheduled for ten rounds, but was stopped by Joe Levy, manager of Carter, in the seventh, to save him from a knockout. It was good judgment on Levy's part.

MAKES AFTER INFIELDER; TICKET SENT TO ABLES.

Disappointed in Showing of Veteran Pitchers. Shows That Sunshine May Put Them Right—Has Club on Paper—Scouting Country for Second Newsmen—Gardner Injured.

BY HARRY A. WILLIAMS.
"I look capable of better things than their records show to date. Undoubtedly the cold weather has militated against them. With a stretch of sunshine to thaw out the veterans, things may begin to look up in the Oakland camp."
"Things have been breaking badly for us, and naturally some of the pitchers have become discouraged," said Devin. "We have lost a lot of tough games."

Looking for Second Base.
"If the pitchers round into shape, second base will be my only worry," continued Devin. "Murphy is a good hitter, but is not steady enough in the field. Gout, on the other hand, is a brilliant fielder, but not a consistent hitter. I realize that this position must be strengthened, but the major league clubs do not seem to be inclined to give up any of their men just yet."

Gardner Breaks Rib.
"Rube" Gardner, who with Jack Reed, shares the first-baseman job in Oakland, was yesterday sent to the clubhouse with a busted rib.
During batting practice Gardner was cavorting around first when a line drive caught him over the head when he wasn't looking. "Rube" dropped just like he had been hit by something, and an investigation proved this to be the case. After being carted away to the clubhouse he was found to be the proud owner of a broken rib.

Hap and "Doc" Crave.
Hap Hogan and "Doc" White yesterday were guests of the Ad Club, and scattered considerable post-prandial eloquence on the place.
Hap was billed as "The best manager of the best ball team on the Pacific Coast," and "Doc" as "his star pitcher."
Hogan's subject was "The Advertising Value to a Community of a Winning Ball Club." Happily, Hogan made his little talk before the game with Oakland.

Major Strong for Team.
E. R. Maier, president of the Tigers, wires from Wilkes-Barre, Pa., as follows:
"Harry Williams: I keep tab on the Tigers through your daily write-ups in the Times. Appreciate very much the way you are treating my boys. We certainly have a fine team. The way they have performed so far, in the words of Homer, 'every one is a champion.' Our utility men certainly have done themselves proud in the way they have filled the shoes of the regulars. Good luck to you, Harry. Will be back pretty soon, when it will be my turn to buy."

Some Spoons.
The final tests will be made tomorrow and the fifteen slowest cars will be thrown out of the big race.

MAKES GOUX IN PEUGEOT MAKES WONDERFUL TIME.

BY DIRECT WIRE—EXCLUSIVE DISPATCH.
PARIS (Fr.) May 26.—The annual international race at the Grand Prix de la Marne, which was held at the end of the month of April, was a success in every way. Goux, in a Peugeot, broke the world's record for a 24-hour race, covering 1,000 miles in 11 hours and 15 minutes. The race was held on a 100-mile circuit, and Goux's time was a record for the Peugeot.

Rehe Ellis Pokes Out a Home Run in Eighth That Brings in Three Runs—Ellis West Pitches Good Ball Outside the Eighth—McCredie Elated Over Game.
PORTLAND (Or.) May 26.—McCredie's Beavers are coming. They sent the Angels down to a hard defeat in a game which was won in the third inning, when Portland scored their only five runs. The Angels scored three and all in the eighth. "Ellis West and Paul Musker, the latter formerly with the Washington Americans, did the pitching, and Tantz, McCredie's shortstopper from Cleveland, and Boles did the catching. Dillon announced that Elms, his young high school boy sensation, will pitch tomorrow.

It was a funny game. No scores were made till the third when West, first man up, walked. Then Bancroft walked. Derrick singled to left center, filling the bases. As he stepped to the plate Doane was presented with a box containing a Teddy bear, broken watch and other similar articles by the wards of the juvenile court.
Doane went out, Page to Abstein, West scoring and the others advancing. Korea walked, filling the bases. Ryan singled to right center, scoring Bancroft and Derrick. Korea, taking third, and Ryan scored the Rodgers then went out, Musker to Abstein. Korea scoring and Ryan taking third. Lober caught a slow one and drove it through short for a single, scoring Ryan. Lober was out stealing. Boles to Johnson, but five runs and three hits were enough to pitch a wonderful game, barring the eighth inning, when Ellis went on a rampage. TENNIS STARS TO PLAY AT CAPITAL.

BY A. P. NIGHT WIRE.
SAN FRANCISCO, May 26.—William Johnston, Pacific Coast champion, will head San Francisco's delegation to the fourth annual tennis tournament for the Central California championships in Sacramento, May 28-31. Others of the party will be E. F. Pettrell, Clarence Griffin, E. H. Curtis, Horrie Detrich, R. W. Maples and Roland Roberts.
The University of California will be represented by its champion, Willis Davis.
Yale's new stadium will seat 61,500. Princeton's new structure will accommodate 41,000. Harvard's athletic field seats 40,000. University of Pennsylvania stands seat 24,000. Cornell, Michigan and other colleges are constructing modern stadiums.

CORNELL FRESHMEN AND VARSITY BEAT HARVARD.

ON THE WATER.

BY A. P. NIGHT WIRE.
The official times for the races, which were over a mile and seven-eighths course, were: Varsity, Cornell, 28 1/2-3/4; Harvard, 32 1/2-3/4; Freshman, Cornell, 32 1/2-3/4; Harvard, 36 1/2-3/4.
The Cornell varsity led the Harvard shell over the line by slightly more than one length. The freshmen ended their race with an advantage over the Harvard youngsters of about two lengths.

LEACH CROSS WORKING HARD FOR WATSON BOUT.

ON THE JOB.

BY DIRECT WIRE—EXCLUSIVE DISPATCH.
SAN FRANCISCO, May 26.—Leach Cross is certainly overlooking no opportunity to put himself in shape for his twenty-round bout with Red Watson Friday night. It will be the New Yorker's second appearance in the ring hereabouts, and remembering what happened to him on the eventful afternoon that Dick Haged scored a knockout, the dentist-pugilist is serious in his intentions of creating a different impression with the local followers of the game.
Promoter Jimmy Coffroth headed a party to the Colma training camp today to watch Cross in action, and the easterner, in honor of the occasion, boxed eight rounds, three each with Sammy Good and Fatsy Riley and two with Johnny O'Leary.
Cross looks in fairly good shape, but there is lacking to a large extent that youthful snap that has characterized him in the past.
Cross is confident enough for that matter.
"They would like to tell you I am through with boxing," he said. "Well, figure that I am good enough to last a long time and I am sure that Red Watson isn't the fellow to put on the finishing touches to my career. That will be a chance for me, some day to box the champion of the world."

OUIMET AND TRAVERS WIN, CHICK EVANS IS DEFEATED.

OVER IN FRANCE.

BY ATLANTIC CABLE AND A. P.
VERSAILLES (France) May 26.—The most surprising result of the first day's playing in the French amateur golf championship at the course of the Golf Club de La Bouille was the defeat of Charles W. Evans, Jr., of Chicago, by Henry J. Topping, Greenwich Country Club, Connecticut, by two up.
Evans was handicapped by a severe strain to his left arm, which he got in a fall from an automobile. This affected his game, and on the sixteenth hole Topping was down. Evans drove out of bounds from the home tee and Topping made two perfect shots to the green. The Chicago player, having then no chance to win the hole, started for the clubhouse.
Five Americans won their way to the third round, which will be played tomorrow. They are Francis Ouimet, Jerome D. Travers, Henry J. Topping, Frederick Herreshoff and W. Bowers. Both Ouimet and Travers played excellent golf, winning their respective matches in the first round by big scores. In the second round Ouimet defeated Charles A. Palmer, the English player, and Travers eliminated Webber.
Ouimet tomorrow will meet Lord Topping, present holder of the French championship and the only Englishman left in the tournament. Topping will play Le Brun de Lille, one of the longest drivers in Europe. Evers and Herreshoff, who are old friends, will come together again. Webber and Topping will meet Appery of Australia.
Ouimet was less troubled by the strong wind today than the others, and his approach was perfect. Lord Hoped played a steady game, but displayed no great brilliancy.

Loss in Last Mexican War.
[New York Herald:] In the last Mexican war the United States employed about 27,000 regular troops and some 57,000 volunteers. The loss in battle or from wounds received was 1400 privates and 120 officers, besides there were more than 12,000 discharged for disability or by order, many of whom were really invalided home, and not a few of them died from wounds received or disease contracted in the campaign.

Baseball Players' Fraternity at last report included about 800 players.

won the national title was in 1904, at which time she captured both the singles and doubles titles.
Here on the Pacific Coast she won titles so many times that the dopests got dizzy trying to keep track of them, and the mantelpiece of the Bundy homestead makes Tiffany's showcases look empty. May Sutton won as many cups as Sir Thomas Lipton didn't.
All told, May Sutton Bundy was eight times Coast singles champion, five times with a partner the ladies' doubles champ, and four times holder of the mixed doubles title.
May Sutton Bundy's name will no longer appear in the entry lists of tennis tournaments, but her name will live forever wherever tennis is played.

DETECTION DIFFICULT.
While the sound of the exhaust gives a good indication of the strength of the individual cylinders of a four-cylinder motor, it is not so reliable in the case of a six. The explosions of a six overlap somewhat, with the result that the normal exhaust immediately before and after a weak cylinder tend to keep uniform the sound heard when the cutoff is open. Unless one has a very sensitive ear or the weak cylinder is in very bad shape, the sound of the exhaust of a six will indicate little. An absolute minimum is, of course, easier. One way to judge something of the strength of the cylinders of a six when tuning up is to observe the compression resistance of each by turning the motor over by hand.

FIGHTING LOVE INVENTION

Are Three Strong Notes Sounded In the Next Issue of

THE NATIONAL SUNDAY MAGAZINE

A BASKET OF FISH. Wild Animal Adventure. By Charles G. D. Roberts. Illustrated by Paul Bransom.

Seldom has warfare as waged by the wild creatures of the woods been so graphically and thrillingly described as in this story by the greatest living interpreter of wild animal life. A great horned owl, a crafty red fox and a mink do battle over a basket of luscious trout—a fight between craft, strength and cunning. And the mink wins, just as Jack the Giant Killer did. The best animal story of the year, and splendidly illustrated by Paul Bransom.

THE PRINCE OF GRAUSTARK. The Great New Serial. By George Barr McCutcheon. Illustrated by R. F. Schabelitz.

In this big installment of "the serial that every one is reading," the cloak of secrecy, under which Prince Robin has been hiding, is torn from his shoulders and he stands in his royal character to the mysterious Miss Gullie. He, however, does not know that she knows his true identity. To cap the climax, they find each other reading, in the ship's daily newspaper, the announcement of the rumored engagement of the Prince of Graustark and Miss Blithers. Story and ship are both moving at a breath-taking clip in this installment.

A SQUARE DEAL FOR INVENTORS. Editorial Article. By H. Ward Leonard.

Should the United States Patent Office be abolished? Certainly it should be reformed, in some vital particulars, says the famous engineer-author of this important article. Gross infringement of patents has come to be a national scandal, he emphasizes, and adds that when Orville Wright has had to pay \$200,000 to defend one patent, the average inventor has no chance at all. What's Congress going to do about it?

"SO LONG." Cover Drawing. By Leslie Thrasher.

Both timely and funny is the story without words that appears in colors on the cover of the next issue. Ma, going churchward, has money in tow, and they pass two of his playmates, armed with fishing poles, going the other way.

These are a few leading features of THE NATIONAL SUNDAY MAGAZINE for next Sunday. Order of Your Newsdealer Today and Mind the Date.

NEW GAIETY
POLICY HIT.Prisco Likes Braden's Way
of Doing Things.Good Shows Lined Up for
Local Theaters.Picture House Standards
Hard to Beat.

BY GARDNER BRADFORD.

If anyone ever started with a big splash, went up the spout so far as apparently never to come out, and spilled the beans of his enterprise all along the roadside, it was the Gaiety Company of San Francisco.

Hence the unanimous report of the San Francisco critics, that "The Gaiety Company has come back" is as joyous a bit of news as it was unexpected.

With everything dead against them, as a result of their own doings, or rather misdoings, the fact that a real "come-back" has occurred is as much interest locally as up north, as it means that in all likelihood we are now actually to get what we thought was going to be dashed up some time ago.

"The last of these things," which may mean anything from a Chinese mandarin to a new brand of coffee, was the come-back wagon, and in addition to other things, marks the real beginning of Col. Braden's trick at the helm. Saturday night, here in Los Angeles, at the Marquee, was the first local evidence in "A Knight for a Day."

New the colonel is a musical comedy man and has just exactly reversed Gaiety policy in that he is not serious for vaudeville people in the east, but wants good, capable musical comedy people, good choruses and good music, instead of stars plucked from another field and surrounded by casts almost as equally out of their element.

All of which, as the colonel told me yesterday, is not in the least serious as a matter of fact, and is merely the colonel's policy as opposed to that of his predecessors.

And Prisco has O. E.'s departure, as the colonel is tickled to death and Los Angeles has every reason to feel hopeful.

In fact, local theatergoers have every reason to be hopeful, but in reality expect some brilliant theatricals in the near future. "A Knight for a Day" looks mighty good at rehearsal, and Sunday "The Heart of the Matter" comes to the Marquee.

And the Burbank has in rehearsal "The Heart of the Matter," which made such a hit at the Marquee, and as it is just the sort of play "the old reliable" said, Billy Burbank should be able to keep on working over time without exciting Cap Jones's suspicions.

Bianche Bates is slated for the Orpheum in a sketch written by the same chap who is responsible for most of the Marquee's success.

Also the mysterious Rosebush, who is said to be quite the most risqué offering on the circuit despite the "limits" that have already shown here.

As we should baffle, and in the meantime the picture houses are keeping us from being satisfied with ourselves as a show town, by contributing a list of features hard to beat.

Tally, in fact, evidently has found himself so enraptured with features as to have to shoot them double, for he is using the Mary Pickford films for the madhouse and "The Heart of the Matter" in the evening.

China has "The Spoilers" and it's blocking the traffic, and Quincy Adams Sawyer at the Woodley has touched a capacity drawing crowd.

And by the way, have you seen the mermaid at the Empress? That's some drawing card, too. No wonder Wesley burlesques that they don't make anything else his life.

They have advanced the time at the Hippodrome this week, the first evening show beginning promptly at 8:30, thus allowing for the presentation of the new feature "New Girl of the Year" three times during the evening.

NEW CHALLENGER
SLIPS FROM WAYS.

(BY ATLANTIC CABLE AND A. P.)
GOSPORT (Eng.) May 26.—Shamrock IV, the challenger for the America's cup, was launched here today and christened by the Countess of Shaftesbury.

The new challenger took the water on the stroke of noon. There was no hitch in the arrangements and she slid down the ways easily as the Countess of Shaftesbury, who had done similar service for Shamrock III, christened Sir Thomas Lipton's latest champion. Few of the hundreds of guests of Sir Thomas obtained a glimpse of the yacht, as the ship, in which she has been hidden since her keel was laid still stands.

MISS HYDE GETS
INITIAL ROUND.

(BY A. P. WIRE.)
ORANGE (N. J.) May 26.—Lillian Hyde won five and four, and Georgia Bishop won six and five, in the first round of the women's metropolitan golf championship here today.

The others remaining in the contest after today's play were: Mrs. L. Swift, Knollwood, N. J.; Mrs. W. J. Faith, Wyckoff, N. J.; Bertha Stratton, Cranford, N. J.; Mrs. M. H. Payne, Dunwoody, N. J.; Mrs. L. E. Warner, Essex county, New Jersey, and Marion Hollins, Westbrook, N. Y.

NEW PRINCETON CAPTAIN.

(BY A. P. WIRE.)
PRINCETON (N. J.) May 26.—Olin A. Putnam of Johnson, N. Y., has been elected captain of the Princeton varsity eight for two years, was elected captain of next year's crew today. Putnam is a junior in the college and has been chosen leader of the Princeton crew club since 1912.

CHICAGO WILL WIN SAYS EVERS.

Cuba's Pitching Staff Best in League, He Believes, and Bases Prediction on Experience Against Other Teams—New York 50 Per Cent. McGraw, He Declares, and Praises Showing of Brooklyn.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CHICAGO BUREAU OF THE TIMES, May 26.—Johnny Evers thinks the Chicago Cubs ought to win the pennant in the National League. He has fought against New York, Pittsburgh, Philadelphia, and Brooklyn and knows the strength of those teams, compared to that of Chicago.

"With the material that is on the club it ought to win the championship," said Evers. "I played with every man on the team, and ought to know what he can do. The Cubs are strong hitters, fast, and know a lot about the game. They also like to win and fight to do so, which is a big asset on the team."

"The pitching staff is a corker. It is, in my opinion, the best in the league. Pittsburgh will not win the pennant; if it does I certainly will miss my guess. It did not look like a pennant contender when we played there last year, of course, right now looks the best, but it is not a good team. It is 50 per cent. McGraw and if the Cubs get to going and get near the top they ought to win. Philadelphia cannot be considered at all. Brooklyn impressed me a great deal as they are a bunch of strong sluggers, fast and like to fight."

Ritchie Battered.
(Continued from First Page.)
The battle tonight only 1900 fans saw tonight was one of the greatest displays of everything that might be found in a boxing encyclopedia. Ritchie, clearly asserting his left jab, seldom missed the mark for which it was aimed, but jabbing alone does not win fights.

When the champion jabbed, White hooked with his left, and though he didn't always connect, the times that he did caused damage well worth the effort.

One of the remarkable things about the fight was the fact that White nearly accomplished the wonderful feat of knocking out a champion in the fourth round. After Ritchie had jabbed him to desperation for a minute and a half, White cut loose a left hook that caught Ritchie on the jaw. White quickly saw that he had done damage and laced into the champion like a corker.

YEAR COUNT.
He reined left hooks and straight jabs to Ritchie's jaw time and time again and the champion began holding back to escape punishment. He played out his string as best he could and managed to last long enough to hear the welcome song.

Summing up the battle tonight shows that there was only one round in which the champion could claim the advantage. That was the third, in which the champion jabbed to his heart's delight. Two of the rounds were even, while all of the other seven belonged to White by such wide margins that they could not be disputed.

EX-TAR FOR HOUSEWORK.
Training in the Navy Made Him an Economical Cook and Solved the Servant Girl Problem.

[New York Sun.] "So, for me, you see, the servant-girl problem is fully solved. Life is one unbroken round from which I pray there may be no rude awakening."

"A man coming down town on the shipper's express and he said it so fervently there was no doubt he meant it. The prize she had won was a man, and he told her dearest friend how it all happened. Here is the story:

"About six months ago a man well over 50 years old came to Tom's office and wanted a job. He was neatly dressed, boots polished, hands clean and manner all that Tom could wish. But his age was against him for anything Tom had for him to do about the office. So he told him there was nothing he wanted in the way of help except a girl for general housework."

"Tom told the man to come back in twenty-four hours for an answer. We talked it over and decided to try the sailor. We've never regretted it for one minute since. He comes to work every morning at 7 and leaves after the day's work is done."

"I was completely flabbergasted the first week for fear he would turn out a bad lot, as a young man we tried had done. But he was a prize instead, a splendid workman, a fine cook and the most saving person I ever knew in my life. He makes soup stock from scraps of meat and vegetables and his left-overs are about the finest things we have on the table."

"He hasn't broken a half-dozen dishes since he has been in the house, and I never knew how daintily a bed could be made to look until after he had been with us and done the chamber work. He's a fiend for dusting and dirt and he is a better enemy. Of course we have in a laundry, but he insists on doing Tom's shirts and socks. He has an expert as expert as that as at everything else."

"Tom found out that this man had been in the navy from boyhood, and part of the time as a mess servant, which was how he had picked up his knowledge of cooking, wonderful knowledge, my dear, for he knows how to make curries as well as an East Indian, and all sorts of outlandish dishes we had read of but never eaten. He cooks Creole dishes and Spanish and Italian dishes better than we can get them anywhere, and even makes dainty confections. His cafe parait and peach melba are dreams. My, but they must live well in the navy."

"Now, Ella, you simply must make Henry get you a sailor man for a servant. You'll find your work done and find out what good service is for the first time in your life. Yes, we do have to pay him pretty well—\$10 a month. But at that Tom says he is the cheapest servant we ever had, for he saves half his wages in our marketing accounts."

Holland's Gain of Territory.
[Indianapolis News.] Hollanders boast that God made the world, "but the Dutch made Holland," and reclamation, a task that has been prosecuted steadily for centuries with such indefatigable energy, is still going on as actively as ever in Holland.

From 25,000 to 25,000 acres of land are reclaimed every year. It is said, however, that more than 250,000 acres of the best soil is still under water, not including the great area under the Zuider Zee, the reclamation of which is a perennial topic of discussion.

SOUTHERN CALIFORNIA FEELS
EFFECT OF UNUSUAL
BOUNTIFUL CROPS.

(LOCAL CORRESPONDENCE.)
DENVER, May 26.—Eighty-five
thousand tons is the estimate placed
on the production of wheat for the
year this fall by one of the officials
of a leading independent business
house. This estimate was arrived at
after a careful survey of large wheat
areas in all portions of the state.

In nearly all sections the crop will
be normal. In some portions of the
state the crop will be slightly above
normal. In some sections it is be-
lieved that it will not only be a good
crop, but it is anticipated that it
will be a very good one.

Green fruit men say that the pro-
duction of fruit will be normal. In
some sections the crop will be slightly
above normal. In some sections it is
believed that it will not only be a
good crop, but it is anticipated that
it will be a very good one.

Offers Railways
to San Francisco.

Calhoun's Successor Thinks
Municipal Ownership Best
Solution of Controversy.

San Francisco, May 26.—Municipal
ownership of the United Rail-
roads, which operates a majority of
the traction lines in San Francisco, is
a possible outcome of the controversy
pronounced by the Railroad Commis-
sion on the traction corporation fol-
lowing Patrick Calhoun's investment
of \$1,000,000 in the Solano Irrigated
Farm project.

"I frankly believe that the municipal
ownership of the United Rail-
roads would be the best solution of
the controversy between the corpora-
tion and the railroad commission,"
said James L. Litchfield, who suc-
ceeded Calhoun as president today.

"If the Mayor and the Supervisors
would make the United Railroads an
equitable offer for its property they
would find me as president of the

corporation in a responsive mood to
consider it."

"I do not mean this in any sense of
trying to put the traction properties
up for sale, but it has been my private
opinion for some time that the
growing sentiment for public owner-
ship of public utilities in San Fran-
cisco is such that it has to be seriously
considered by the public service
corporations."

"If the Mayor and the Supervisors
conclude that they wish to acquire
the United Railroads there would be
no need for tedious condemnation
proceedings or for controversy."

"I believe it would be a lasting
piece of constructive work for the
United Railroads and the people to
end the strife between the corpora-
tion and the municipality."

An approximate physical valuation
of \$25,000,000 was put on the United
Railroads property by Elton J. Ar-
nold, the Chicago expert, in his report
to the Supervisors more than a year
ago.

TO OVERTHROW YUAN.
Revolutionary Agent for Dr. Sun
Yat Sen Collects Thirty Thousand
Dollars from Portland Chinese.

Portland (Or.) May 26.—Y. P.
Hsieh, former vice-chairman of the
province of Canton, now revolution-
ary agent for Dr. Sun Yat Sen, will
leave Portland tomorrow for San
Francisco with \$30,000 raised among
local Chinese to aid in a new revolu-
tion against President Yuan Shi Kai.

Hsieh, whose name in Chinese is
Tsun Yin Hsieh, is finishing his tour
of Coast cities raising funds and it is
said he is hurrying away because Yuan
Shi Kai's detectives are close on his
trail. President Yuan has offered
\$100,000 for him, dead or alive, it is
asserted here.

Hsieh is a member of the radical
faction of China, highly educated. His
understanding of the situation in
China is understood to be one of Dr. Sun
Yat Sen's closest advisers.

A big meeting at which many promi-
nent American citizens were present
closed Hsieh's campaign here tonight.

STRANGLES HIMSELF.
Man Who Killed His Son in Potter
Valley Stuffs Sheet Down His
Throat in Hospital.

(BY A. P. MORT WIRE.)
UKIAH, May 26.—George Bick-
ford, who killed his son and then cut
his own throat in Potter Valley Sun-
day morning, strangled himself last
night in his bed at the State Hospi-
tal by stuffing a piece of sheet
down his throat. He was recovering
from his self-inflicted injuries of Sun-
day. Bickford declared his wife had
run away and he and his son had
nothing to live for.

Arrest Obregon Agent.

Rafael Arriaga Said to Have Mis-
appropriated Funds of the Rebels
in San Francisco.

(BY A. P. MORT WIRE.)
SAN FRANCISCO, May 26.—Rafael
Arriaga, also known as Fernando
Palacios, who is reported to have
come here as the agent of Gen. Obre-
gon of Mexico to purchase vessels
and military equipment for the Con-
stitutionalists, was arrested today on
the complaint of Obregon, verified by
Adolfo Labastida, said to be an agent
of Obregon.

The complaint alleges that Arriaga
was Obregon's agent here for two
years; that he had received \$7185
from Obregon, that he has refused
an accounting of the funds and that
he is believed to have appropriated
\$4000 to his own use.

For some time the Federal port
authorities have been watching Ar-
riaga upon the report that he was
purchasing and outfitting vessels of
war for Mexico.

ZAPATA AGENT
CALLS ON BRYAN.
(BY A. P. MORT WIRE.)
WASHINGTON, May 26.—An agent
of Gen. Emiliano Zapata and the
junta in charge of the Zapata move-

ment in Central and Southern Mexico
is here, and, at the suggestion of Sec-
retary Bryan, has said before Presi-
dent Wilson and the State Department
information intended to controvert
statements that Zapata is merely a
bandit and that his followers are a
horde of freebooters. The agent sub-
mitted to Mr. Bryan a statement of
the ideals, programme and plan of
campaign of Zapata and his follow-
ers, the strength of his forces and
the extent of territory over which he
claims control, and asked that in any
settlement of the Mexican problem
consideration be given to the Zapata-
tas as a leading element in the Mex-
ican revolution.

The Zapataistas base their preten-
sions on an assertion that they repre-
sent the revolutionary movement in
the most thickly-settled portion of
Mexico, containing 17 per cent of all
the population.

Zapata, the agent informed Sec-
retary Bryan, has an army of about 21-
000. The emissary assured Mr. Bryan
that Zapata and his followers would
observe all the rules of civilized war-
fare. Discussing the relations of Za-
pata to Carranza, the agent in the
memoranda presented, said that the
two delegates, while not united, have
the same ends and purposes and were
working in concert.

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.

Three protest petitions, representing more than 150 East Side heads of families located in the vicinity of the proposed new Crittenton Home, are to be filed with the Council today. The protesters want the building permit rescinded and no new permits issued for such a building on the location.

The Board of Public Utilities has approved the plan of the Los Angeles Railway Corporation for rerouting several lines June 1.

The Police Commission has decided to grant a public hearing June 9 on the subject of prohibiting all but street signs on saloons, stating the location and character of business.

The logic of the other woman that two persons could be happy if the wife gave up her husband, while by her clinging to him three persons were unhappy, led to a divorce suit and a decree to the wronged wife yesterday.

Happiness shone in the face of a young widow whose married life had been miserable, when the Probate court yesterday granted her four-fifths of her husband's estate instead of one-half, which she had petitioned for.

PRAY PERMIT
BE RESCINDED.PROTEST AGAINST CRITTENTON
HOME AS NEIGHBOR.

East Side Property Owners Will Petition Council Today for Protection from Institution Being Located There—Hundreds and Fifty Families Object to It.

The Florence Crittenton Home, which has nowhere to lay its foundation, having been driven from one location to another, until a site was finally secured at Avenue 23 and Garfield street, on the East Side, may never be able to realize its ambition to use the building under way. Eastsiders, like other localities, have arisen against the institution being located "in their midst."

Today Attorney Luther and Culver, for the protesters, will file with the Council the formal protests that will have the signatures of at least 150 heads of families in the immediate proximity of the proposed site for the home, asking the Council to rescind the building permit issued by the building department, and to grant no future permit for a building to be used by this institution on the location named.

The objection is raised that the new home would be within a block and a half of a public school, and that this would be especially objectionable, while it would deprecate property values in the neighborhood and be undesirable from other points of view. It is said that in addition to the three petitions that are in circulation and that will be filed today, the Board of Education may act, urging that another location be selected. The petitioners in their protest say:

"We are advised that you have the right to instruct the health department in connection with this matter, as the said institution is to be conducted, in part, as a maternity hospital.

"Our neighborhood is a community thickly settled and composed of the homes of people in moderate circumstances, our residents for the most part being owners or purchasers on contract of their homes.

"We are not in a position to purchase the property upon which they are erecting this institution, as we understand has been done in other localities.

"We consider the purposes of the institution most inadvisable, but believe there are many communities not so thickly populated where such an institution could be conducted and at the same time not be a source of annoyance and a menace to the surrounding inhabitants. The construction of this home in our midst will make the property unfit for residence purposes, and will make the people living in this vicinity seek other places to reside.

"We do not think it is fair to compel us to permit our children to associate with women who have been wayward and who may lead our sons and daughters astray. We should be very grateful for any relief which may be given in this respect.

BOARD HESITATES.

ON LIQUOR-SIGN RULE.

A week ago the Police Commission adopted a drastic rule that prohibited the maintenance of flaring signs on saloons and retail liquor places. It declared that only modest signs stating the location and character of business could be used and that all others must come down by June 1 or it would be considered improper conduct of business.

Now the commission hesitates—at least so far as to grant a public hearing on the sign subject. Yesterday it set this hearing for 2 o'clock on the afternoon of June 2.

When the rule was adopted it was rumored around the City Hall that it was acceptable to the local liquor men, inasmuch as while it would curtail the displays of local brewers it would also cut off a proposed large campaign with electric signs planned by eastern liquor interests.

MUST FACE CHARGES.

TRIAL FOR AUCTIONEERS.

The Police Commission yesterday cited Charles W. Moxley, auctioneer at No. 220 South Main street, and Thomas C. Douglas, holder of a stock yards license at No. 2122 North Main street, to appear before it at the next meeting to answer charges of improper conduct of business.

Mrs. Jane H. H. Faunce of No. 3073 West Pine street charges that she was induced to sell her Moxley to sell her household goods at auction, that he employed capers or by-bidders and then charged her for commission on goods not sold, and that silverware which was entrusted to Moxley's care was stolen from the premises.

Licenses Collector McPherson states in his report on this case: "Since Mr. Moxley has been engaged in the auctioneer business he has had many complaints against him, which show a general misconduct of business."

Various persons make charges against Douglas, declaring that misrepresentations have been made in regard to animals handled by him.

REROUTING CARS.

CHANGES IN OPERATION.

The Board of Public Utilities has approved the plans submitted by the Los Angeles Railway Corporation for rerouting cars on several lines reaching the business district. To be effective June 1 the following changes will be made:

Cars of the Grand-avenue and

North Broadway line now turning back at First and Spring streets will be routed via Spruce, Main and Mission road to Eastlake Park.

The West Jefferson and North Main-street lines will discontinue operation north of the Temple Block. The San Pedro-street line will also discontinue operation north of the Temple Block.

What will be known as the San Pedro and West Jefferson-street line is to be a combination of the San Pedro street and Jefferson-street lines, connecting the service at Temple Block, with no change in routing.

LIQUOR PERMITS.

ACTION OF COMMISSION.

The Police Commission yesterday took the following action on applications for liquor permits:

A transfer of the saloon permit at No. 228 West Second street from J. B. C. to C. F. G. was granted.

The commission also granted a transfer of the saloon permit for No. 220 East Fifth street from Charles H. Crawford to Crawford & Rushe.

The applications of the Social Club for a social club liquor permit at No. 111 West Third street, second floor of the old Levy cafe building, and the Fred Douglas Republican Club No. 641 Central avenue, were denied. Mayor Rose declared that no more social club permits will be granted in the Central-avenue district and the commissioners expressed themselves as being opposed to the issuance of two such permits in one building.

Edell & Lombard applied for permission to lease frontage at their saloon, No. 166 South Main street, for a clear and bootleg stand. This was denied, the commission declaring its policy to be to keep saloon frontage clear in every possible case, and that it especially will not allow any new permits for stands in front of saloons on Main street.

PROTESTS EFFECTIVE.

THEY KEEP OUT POOLROOMS.

The protests of two communities yesterday prevented the granting of poolroom permits by the Police Commission. Boyle Heights has a standing protest against the issuance of any permits for poolrooms in that territory east of the river. John Rado asked for a poolroom permit for No. 1324 East Delaney street.

Las Capiella asked for a similar permit for No. 4705 South Vermont avenue. A large petition of protest was presented by residents and property owners. Application denied.

Minor Matters Municipal.

Another petition for an election on the proposal to annex Fruitland to the city was presented to the Council yesterday and referred to the Public Service Committee.

The resolution of the Independent Civic League, to that effect, was not employed as special counsel for the water department, was referred by the Council to the Public Service Committee yesterday.

The new bathhouse in Hollenbeck Park will be formally opened to the public next Friday and the Council yesterday accepted an invitation to participate.

The Council has passed the ordinance fathered by Councilman Langdon, providing that hereafter statements of all assessments due on property shall appear on the tax list. This ordinance will become effective in thirty days and provision has already been made for putting its provisions into effect so that the new tax bills will contain this notification to property owners.

The permit of Jacob Slossberg, wholesale liquor dealer at No. 653 South Main street, was suspended for sixty days yesterday by the Police Commission for improper conduct of business.

The Police Commission yesterday closed for two years the block on South Hill street, between Sixth and Seventh, to the issuance of liquor permits. Out of the 1148.88 feet of frontage in the block there was signed for the closing 64.2 per cent. In the block there are 120 feet disqualified from signing any petition of this character.

OTHER WOMAN'S LOGIC PREVAILS.

DIVORCE SOLVES PROBLEM OF UNHAPPY TRIO.

"Why Don't You Give Up Your Husband to Me?" Asks Woman Accused of Breaching Up Home. Wife Yields to Suggestion and Is Granted Divorce.

Why Judson H. Bradley, an insurance agent, preferred the other woman to his wife, Jennie M. Bradley, is one of the conundrums of married life. Mrs. Bradley presented an attractive picture in the divorce court yesterday. She was well dressed, modest in appearance and comely.

The story she told did not reflect credit upon Bradley. They were married at Herndon, Va., in 1897, and have two children. After many years of domestic happiness she found letters and pictures in her husband's pockets. They told of his affection for the other woman. She reproached him for his duplicity. He said to her: "That woman is more of a wife to me than you are."

Grieved, but not rebuffed, Mrs. Bradley called up by telephone this woman who had stolen her husband's love. She charged her with breaking up a happy home.

"Why don't you give your husband up?" asked the woman. "You can't have him, for I am going to have him. He is suited to me and not to you. By giving him to me, you will be happy; by holding him back you are making three persons unhappy."

Mrs. Bradley's answer to this woman's logic was a suit for divorce, which Judge Jackson granted.

HAPPINESS AT LAST.

COURT KIND TO WIDOW.

"I am going to Belgium to see my brother," happily cried Mrs. Lea E. Delmon yesterday.

This frail young woman, whose sad history is written in her pale face, was given \$7000 by Judge Rives. One of her first acts will be to greet her little brother who has been waiting for her in Belgium.

She has longed for this joyful event for many months. Now she is free to go back home and live the life of a lady, as she always has desired. As the judge declared, Delmon, however, she was a white slave, subject to his brutality, resisting his demands to go back to the life from which she had struggled.

Then came Delmon's death and the

fight in the Probate Court to wrest his estate from her. Louise Pons, Delmon's sister, was a claimant to the entire estate, but lost the fight. Yesterday Mrs. Delmon came into her own. Judge Rives awarding her three-fourths instead of one-half as Delmon's widow, the court holding that under the law she was entitled to the larger amount, there being no lineal descendants of her husband.

"I am going to see my little brother after these long and terrible years," she said. "I am so happy."

Her attorneys, Curran and McGonigle, mingled their smiles with those of the little woman.

WOULD BE GUARDIAN.

GRANDFATHER FIGHTS WILL.

Simon Christensen, the grandfather of Theodore Kleinmeyer, the only child of E. F. Kleinmeyer, the millionaire El Monte rancher and horse dealer, has filed a petition through Newmire & Morris to be appointed guardian, alleging that he is the only lineal relative of Kleinmeyer.

This petition is counter to the wishes of Kleinmeyer expressed in his will. He named N. Frederic, a Jew of Santa Ana, as executor under the will and guardian of the boy, Peterson. However, he has filed the will or his petition for appointment as guardian. Christensen states it is his intention to remove to California and take up his residence here.

COURT PARAGRAPHS.

PROCEEDINGS IN BRIEF.

RECOVERS VOICE. "I can't hear you; please speak louder," Judge Jackson ordered Mrs. Nellie Clemens in her divorce suit against Robert Clemens for cruelty and desertion. Yesterday, Mrs. Clemens apparently made an effort, but her voice still was hardly audible. "I will continue your case until you can talk so I can hear what you say," said the court. After several other actions had been heard Mrs. Clemens was recalled. Her voice had improved; in fact, it was quite clear. The court smiled and everybody seemed happy.

WIDOW LOSES. Judge Taft yesterday declined to remove Wilson Blase as administrator of the \$12,000 estate of Henry P. Brian, and appoint the widow, Mrs. Rose Brian, on her petition. When the estate was ready for distribution a technical objection was raised, it appearing that the petition had not been signed. When Brian died his widow was believed to be the only heir. Later Austin Brian, a son, was discovered and named as a claimant in a lodging-house for 50 cents a day. He received half of the estate, but did not live long to enjoy his fortune.

BIG DISTRIBUTION. One-third of the Rancho La Brea valued at \$1,000,000, was distributed to G. Allan Hancock, some of the late Ida Hancock's heirs, and to the late Ida Hancock, worth \$20,000, was distributed to Mrs. Martha A. Costello, a niece of Mrs. Hancock, by Judge Rives in the Probate Court yesterday. Hancock will
